Saudi Arabia SALEEM Certification

Ensure that your products successfully meet Saudi Arabia's standards by working with a market leader, TÜV SÜD. TÜV SÜD fully understands the local requirements and procedures applicable in Saudi Arabia.

General information

Since 1st April 2019, SABER/SALEEM is implemented as the new conformity assessment programme in Saudi Arabia, which will replace the recent CoC programme.

This programme has officially started, and implementation is in progress gradually. Products are classified into regulated and non-regulated, depending on risk level.

How can TÜV SÜD help you?

TÜV SÜD is one of the world's largest independent providers of testing and certification services. With our complete knowledge of local legislation, guidelines and standards, we support you in achieving compliance for your consumer and industrial products within Saudi Arabia. TÜV SÜD has the experience and capability to support manufacturers in attaining compliance with Saudi Arabian regulatory requirements and obtaining the necessary approvals.

As an authorized body by Saudi Standards, Metrology and Quality Organisation (SASO), TÜV SÜD ME and PSB are able to review and issue Product Certificate/Shipment Certificate to manufacturers, traders and retailers. We provide all the necessary testing services for Saudi Arabian conformity assessment services and technical evaluation for approval issuance. We strive to offer comprehensive and competitive services and certification packages. To find out more on our current service scope for SALEEM, please contact us for details.

Add value. Inspire trust.

TÜV SÜD is a trusted partner of choice for safety, security and sustainability solutions. It specialises in testing, certification, auditing and advisory services.
