F. Professional ethical rules for permanent joining personnel Attachments to the Application

The rules of professional ethics

People who hold an approval by TÜV SÜD must ensure, that their activities prevent personal injury and property damage and that the public interest is preserved becomes. You need to be on the stand adhere to technology and behave honestly, incorruptibly, loyally, and impartially towards everyone. You are committed to these rules of professional ethics.

Responsibility to the general public

It is the task of the permanent joining personal to maintain and protect the public interest when performing their professional joining activities. In performing this task, they may have to inform the responsible authorities in good time, reject certain responsibilities or draw appropriate conclusions. permanent joining personal may only take responsibility insofar as they are qualified to do so through training and experience; they must act, report, and always evaluate objectively and express their technically sound opinion.

Conflicts of Interest

Certificate holders should try to avoid conflict situations. In the event of an unavoidable situation, however, they should immediately explain the background to the respective partner. Decisions, actions, evaluations, or judgments are without any self-interest or personal gain perform.

Relationship with employer

Permanent joining personal must have a clearly defined employment relationship with their employer. Function, competence, and responsibility must be clearly regulated.

Violation of the rules of professional ethics

If permanent joining personal violate these rules of professional ethics, all approvals that have been issued by TÜV SÜD will be declared invalid. Approvals that have been declared invalid must be returned to TÜV SÜD immediately.

Education / Training, Experience, Physical Suitability

The employer or his designee must sign off each single period for the person to be certified.
